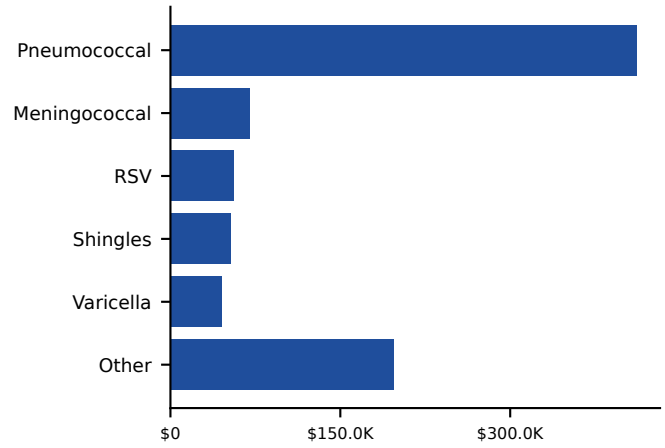
Little Blue for Vaccine Sales | Account Brief

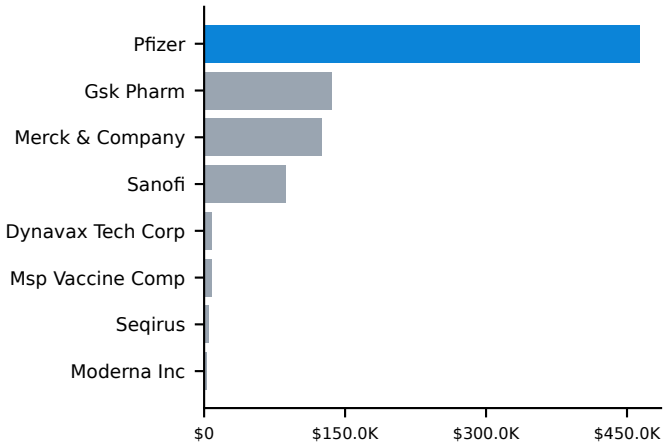
Sunrise Care Partners 025 (SYNCP000025), FL SYNTHETIC

Dollars (net)	Doses	Rank of peers	Pfizer share	Switching	MenB:MenACWY
$834.7K	**5,429**	**8 / 180**	**55.5%**	**flagged**	**0.62**

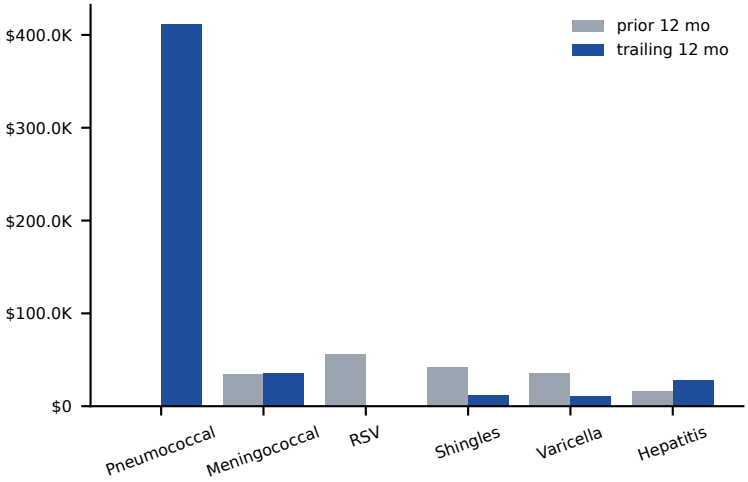
F2 Dollars by class (top 5 + Other)



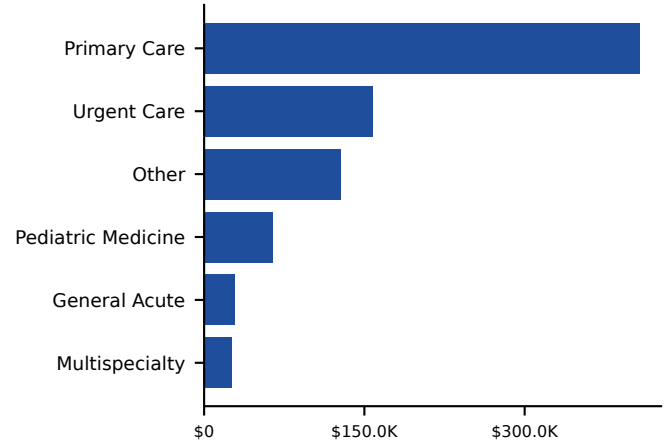
F4 Dollars by mfr (Pfizer highlighted)



F7 Trailing 12 vs prior 12 months by class



F3 Dollars by facility type



Talking points (templated from fact tokens; LLM off)

- Size: purchases of $834.7K across 5,429 doses rank this system 8 of 180 synthetic peers and equal 0.8% of benchmark dollars.
- Mix: Pneumococcal leads at 49.3% of dollars; the main facility type is Primary Care at 48.8%.
- Manufacturers: Pfizer holds 55.5% of dollars ($463.1K); the largest manufacturer is PFIZER.
- Share move: MERCK & COMPANY in Hepatitis moved from 78.9% to 48.0% of class doses between the two windows.
- White space: the MenB to MenACWY dose ratio is 0.62, an index of 95 against the benchmark, and 75 against in-state peers.
- Trend: trailing twelve-month dollars moved +117.5% against the prior twelve months; Pneumococcal grew most and RSV fell most.
- Question to ask: what is driving purchasing in Hepatitis, and which programs are planned for next season?
- Returns netted out of totals: $4,976 across 3 return rows.
